(If you experience any of the side effects listed in **Bold** please contact your doctor immediately. The side effects listed above are those that occur most frequently. Other side effects may occur; please contact your doctor to report any new medical problems!)
**Warnings:**
- Inform your doctor if you are:
  1. allergic to any food or medicine,
  2. taking any non-cancer related prescriptions or over the counter drugs
- Ask your doctor or pharmacist before using any new medications including: prescriptions, over-the-counter drugs, vitamins or herbal supplements.

**Additional Instructions:**
- Many non-prescription medicines contain acetaminophen (Tylenol®), always read the labels carefully to avoid taking an accidental overdose.
- This medicine may be taken with food or milk to lessen stomach upset.
- To avoid dizziness, get up slowly from a lying or sitting position.
- To avoid constipation, take a laxative and/or a stool softener. Try to have a bowel movement every 2-3 days, if not then inform your doctor.
- Your mouth may feel dry. Drinking plenty of water, chewing gum, or sucking hard candy may help relieve dry mouth symptoms.
