

For pricing and order information, please contact the CARD Administrative Office at (310) 423-8750 or e-mail Yvette Pulido at Yvette.Pulido@cshs.org

PAST LECTURE SERIES AVAILABLE ON DVD:

Acute Development of Insulin Resistance Following Injury

Joseph L. Messina, Ph.D.
Department of Pathology
Division of Molecular and Cellular Pathology
The University of Alabama at Birmingham

Androgens and Cardiovascular Disease

Gautam Chaudhuri, MD, PhD
Professor, Department of Molecular and Medical Pharmacology
Professor and Executive Chair, Department of Obstetrics and Gynecology
University of California, Los Angeles

Androgen-Related Disorders - Syndrome XX?

Andrea Dunaif, MD
Chief, Division of Endocrinology, Metabolism and Molecular Medicine
The Feinberg School of Medicine
Northwestern University

Clinical consequences of mutations or polymorphisms in the LH receptor in males with pseudohermaphroditism and females with PCOS

Wael A. Salameh, MD
Medical Director
Department of Endocrinology
Quest Diagnostics Nichols Institute
San Juan Capistrano, California

C-Reactive Protein (CRP) and Metabolic Syndrome

Yii-Der Ida Chen, PhD
Professor of Medicine and OB/GYN,
Cedars-Sinai Medical Center and UCLA Cedars-Sinai Medical Center
Director, Biochemistry Laboratory Center

Ethnic Differences in Insulin Secretion and Action

Barbara Gower, MD
Associate Professor
Department of Nutrition Sciences
University of Alabama at Birmingham

For pricing and order information, please contact the CARD Administrative Office at (310) 423-8750 or e-mail Yvette Pulido at Yvette.Pulido@cshs.org

Fetal Programming of Polycystic Ovary Syndrome

David Abbott, Ph.D.

Professor, Department of OB/GYN and National Primate Research Center
University of Wisconsin

Functional Genomics of Premature Pubarche and PCOS

Selma F. Witchel, MD

Director, Pediatric Endocrine Fellowship Program

Associate Professor, Children's Hospital of Pittsburgh, Department of
Pediatrics, Pittsburgh, Pennsylvania

University of Pittsburgh, Division of Pediatric Endocrinology, Diabetes and
Metabolism

Genetic Evidence of Polycystic Ovary Syndrome as a Disorder of Androgen Sensitivity

Mark O. Goodarzi, MD, PhD

Director, Endocrine Fellowship Program

Division of Endocrinology, Diabetes & Metabolism

Medical Genetics Institute, Center For Androgen Related Disorders

Cedars-Sinai Medical Center

Genetic Interrelationships of Insulin Resistance, Cardiovascular, and Metabolic Disease

Jerome Rotter, MD

Faculty, Department of Medical Genetics

Cedars-Sinai Medical Center

A Hormonal Hypothesis for Epithelial Ovarian Cancer Biology: A Role for Androgens

Andrew John Li, M.D.

Division of Gynecologic Oncology

Cedars-Sinai Medical Center, Assistant Professor In-Residence, Dept of OB/GYN

David Geffen School of Medicine at UCLA

Human Adipose Tissue Functions as an Endocrine Tumor in Obesity, Releasing Inflammatory Cytokines that are Derived Primarily from the Nonfat Cells

John N. Fain, PhD

Harriet S. Van Vleet Chair of Excellence in Biochemistry

Professor, Department of Molecular Sciences, College of Medicine

University of Tennessee Health Science Center at Memphis

For pricing and order information, please contact the CARD Administrative Office at (310) 423-8750 or e-mail Yvette Pulido at Yvette.Pulido@cshs.org

The Insulin Dynamics of Peri-pubertal Girls at High Risk for PCOS

David H. Geller, MD, PhD

Ahmanson Department of Pediatrics, Division of Pediatric Endocrinology

Cedars-Sinai Medical Center

Associate Professor of Pediatrics

David Geffen, UCLA School of Medicine

Insulin Resistance in the Polycystic Ovary Syndrome: Different Tissues, Different Roles

Theodore P. Ciaraldi, PhD

Division of Endocrinology and Metabolism

Department of Medicine

University of California, San Diego

Intrinsic Defects in Ovarian Theca Cells Isolated from Women with Polycystic Ovary Syndrome (PCOS)

Dr. Jan McAllister, PhD

Associate Professor and Co-Director,

The Dorothy Foehr Huck and Lloyd Huck Center for Obesity and Reproduction, Penn State Hershey College of Medicine

Department of Cellular and Molecular Physiology and OB/GYN

Lipin, a Modulator of Adiposity and Metabolism

Karen Reue, Ph.D.

Professor, Department of Human Genetics and Medicine

David Geffen School of Medicine

University of California, Los Angeles

Obesity and Reproduction: Sexually Dimorphic Path

Richard S. Legro, MD

Associate Professor

Department of OB/GYN

Hershey Medical Center, Penn State University Medical Center

The Phenotypes of PCOS and the Effects of Environmental Influences

Enrico Carmina, MD

Professor and Head of Endocrine Unit

University of Palermo, Italy

For pricing and order information, please contact the CARD Administrative Office at (310) 423-8750 or e-mail Yvette Pulido at Yvette.Pulido@cshs.org

Physiological Testosterone Replacement in Women with Hypopituitarism: Is it Time?

Theodore C. Friedman, M.D., Ph.D.

Associate Professor of Medicine-UCLA, The Charles R. Drew University of Medicine & Sciences

Los Angeles, California

Polycystic Ovary Syndrome: From Hirsutism to Fertility – A Multidisciplinary Approach to the Management of the Whole Patient

Second Annual PCOS Conference, 4-DVD set

Principles, Pathways, and Surprises in Androgen Biosynthesis

Richard Auchus, MD, PhD

Association Professor of Endocrinology and Metabolism

Department of Internal Medicine, University of Texas Southwestern Medical School

Dallas, Texas

Use of LC-MS/MS is the Clinical Diagnostic Laboratory Setting - The New Gold Standard for Pediatrics and Low Level Analysis

Nigel J. Clarke, PhD

Scientific Director, Endocrine Steroids (R&D)

Quest Diagnostics Nichols Institute
