

CEDARS-SINAI®

**EXCEPTIONAL OPPORTUNITY
DIRECTOR DEMENTIA CENTER**

Cedars-Sinai Medical Center, one of the nation's premier healthcare institutions, continues to expand faculty in the Department of Neurology. We are currently seeking a nationally recognized leader in Dementia. The successful candidate will join an exceptional peer group and contribute to enhancing a nationally recognized clinical and academic department. Cedars-Sinai is a busy center for treatment and trials in memory disorders.

Director Dementia Center. Overall responsibility for all aspects of Dementia in the Department of Neurology, including Clinic, Clinical trials and pre-clinical development. The candidate should have completed an ACGME approved residency program in neurology as well as an approved fellowship in Dementia. Candidates must be California licensed or license eligible, and qualified for appointment at the Associate or Full Professor academic rank. Each candidate should have an established record of accomplishment in both clinical and investigative neurology, and have demonstrated significant accomplishments in academic Neurology.

Academic appointment is through the Cedars-Sinai professorial series and the David Geffen School of Medicine at the University of California Los Angeles. Cedar-Sinai Medical Center is committed to excellence in compassionate patient care, research, and community programs to improve the lives of patients. New faculty will join in implementing the department's strategic vision and will have access to cutting edge treatment modalities, and psychosocial and educational support to patients, families, and physicians.

If you are interested in this opportunity to join in an expanding Neurology team in a clinical and research environment, please send your CV, including names of 3 references, and statement of strategic vision to: Dr. Patrick Lyden, Chairman of Neurology, c/o Academic.Recruiting@cshs.org
