Requirement(s)
1. USMLE Step 1

Description

Senior medical students will function as one of the primary care givers for a number of patients admitted to the general medicine wards. The students will be a member of a medical team made up of attending physicians, residents, interns and Jr. medical students. The student will be responsible for the admitting evaluations, diagnostic and therapeutic orders and daily progress notes for patients under their care. They will admit between 2 and 4 patients per call day and be directly supervised by an R-2 or R-3 resident and a faculty attending physician.

Course Objectives

1. History and physical examination.
3. Interpretation of tests (e.g., serum electrolytes).
4. Oral presentations.
5. Knowledge of diagnosis and management of complex in-patient problems (e.g., respiratory insufficiency, renal insufficiency).
7. Knowledge of cerebrovascular disease, renal failure, diabetes, collagen vascular disorders, pneumonias, peptic ulcer disease, chronic obstructive pulmonary diseases and AIDS.

Student Experiences

COMMON PROBLEMS/DISEASES
- Renal diseases
- Cerebrovascular disease
- Respiratory failure
- Diabetes mellitus
- Pneumonia
- Peptic ulcer disease
- Chronic obstructive pulmonary disease
- AIDS

INPATIENT: 100%
PRIMARY CARE: 100%

1:00pm-6:00pm – Patient Care Activities |

### On-Call Schedule
The student, working with a house officer, will take call in the hospital every fourth day, and overnight call every 8th day. In general, s/he will be assigned patients in rotation with the intern.

### Weekend Activities
Weekend call will occur approximately twice a rotation. The student will get 1 day in 7 (when averaged over 3 weeks) free of all clinical activity on this rotation. The student will round with their team on all weekend days unless that is their assigned days off.
